WHEREAS, the Contractor represents and warrants to the School that it has the requisite expertise and resources to perform its obligations under this Agreement.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and for good and valuable consideration, the School and the Contractor agree as follows:

Section 1 Agreement

This Agreement includes the following exhibits, which are attached and incorporated herein by reference:

- Exhibit A – Scope of Work
- Exhibit B – List of Schools and Drop-off / Pick-up Times
- Exhibit C – Pricing Page
- Exhibit D – Federal Work Authorization Program Affidavit

Section 2 Scope

The days of services rendered include all student attendance days (including inclement weather make-up days) beginning on August 1, 2020 or at the first school day of the 2020-2021 school year. The Contractor shall provide all services under this Agreement in accordance with all applicable federal, state, and local laws and regulations.

The School will have sole authority to direct the routes, times and locations of pickup and delivery. A school calendar will be provided to the Contractor listing school days for which transportation service is required. It is understood that the number and days may vary. In the event of any changes in the school calendar FSI will provide an amended calendar as soon as practicable.

Section 3 The Contractor Relationship

Contractor. The parties to this Agreement agree that the Contractor relationship shall be created by this Agreement. The parties further agree that the terms of this Agreement do not constitute a formation of a partnership, joint venture, employer-employee, or other relationship. The Contractor understands and agrees that as a Contractor, it, and its employees, agents or subcontractors, will not be eligible to participate in any benefits or privileges given or extended by the School to its employees.
Section 4  Approval Conditions

4.1 Executed Agreement. This Agreement will not become effective until an understanding is reached between the parties and the Agreement has been fully-executed by authorized representatives of each party. The Contractor understands that the School shall not be obligated to compensate it for any services provided prior to the execution of this Agreement.

4.2 Employment Eligibility. Pursuant to Mo. Rev. Stat. §285.530, all business entities awarded any contract in excess of $5,000 with a Missouri public school district must, as a condition to the award of any such contract, be enrolled and participate in a federal work authorization program with respect to the employees working in connection with the contracted services to be provided, to the extent allowed by the E-Verify Work Authorization Program of the United States (E-Verify). A business entity must affirm the same through sworn affidavit and provision of documentation, as well as sign an affidavit that it does not knowingly employ any person who is an unauthorized alien in connection with the services to be provided. Accordingly, The Contractor must have an authorized individual execute the “Federal Work Authorization Program Affidavit” attached as Exhibit D and provide the Affidavit to the School prior to performing services. Failure to do so will be considered a material breach. The Contractor further agrees to indemnify the School for any fines and legal fees incurred because employees or subcontractors of the Contractor are not authorized to work in the United States.

Accordingly, The Contractor:

4.2.1 Agrees to have an authorized person execute the attached “Federal Work Authorization Program Affidavit” attached hereto as Exhibit D and deliver the same to FSI prior to or contemporaneously with the execution of its contract with FSI;

4.2.2 Affirms it is enrolled in the “E-Verify” (formerly known as “Basic Pilot”) work authorization program of the United States, and are participating in E-Verify with respect to the Contractor’s employees working in connection with the services being provided (to the extent allowed by E-Verify), or to be provided, by the Contractor to FSI;

4.2.3 Affirms that it is not knowingly employing any person who is an unauthorized alien in connection with the services being provided, or to be provided, by the Contractor to FSI;

4.2.4 Affirms the Contractor will notify FSI if it ceases participation in E-Verify, or if there is any action, claim or complaint made against the Contractor alleging any violation of Missouri Revised Statute 285.530, or any regulations issued thereto;

4.2.5 Agrees to provide documentation of its participation in E-Verify to FSI prior to or contemporaneously with the execution of its contract with FSI (or at any time thereafter upon request by FSI), by providing to the District an E-Verify screen print-out (or equivalent documentation) confirming your participation in E-Verify;

4.2.6 Agrees to comply with any state or federal regulations or rules that may be issued subsequent to this contract that relate to Missouri Revised Statute 285.530.

4.3.3 All buses, including spares, shall not be more than ten (10) model years old at any time during this Agreement. An exception to this requirement may be granted by FSI in unique situations solely at the FSI’s discretion. Approval in writing must be received from FSI prior to assignment of said buses. Failure to follow bus age requirement will result in Liquidated Damages charges of $500.00 per bus/per day.

4.3.4 The Contractor will provide two-way radio equipment for each bus, including standby buses. The Dispatch Office radios must be maintained in good working condition at all times. Failure to maintain a two-way radio shall be a material breach of the Contractor’s obligations. A two-way radio unit will also be supplied to the District Transportation Office to assist in the monitoring of daily routes and schedules.

The Contractor agrees that FSI shall have permission to monitor, intercept, use, and divulge all radio transmissions and oral communications between the Contractor’s radio units.

4.3.5 An operational digital camera system with audio shall be required for all buses in regular or standby service to the School. The system must have a minimum of four (4) separate camera views. The cameras positioned so video recordings can be made a) of the bus driver while properly positioned in the driver’s seat, b) the service entry of the bus for passengers and possible trespassers, c) a rear facing camera in the front bulkhead capable of seeing all seat positions of the passenger area of the bus, and d) a forward facing camera mounted on the rear bulkhead of the bus capable of recording all seat positions from the rear of the bus to the front of the bus.

Digital camera data with audio must be provided to the District on demand by the end of each operating day. Viewing of the digital camera data file must not be limited to a specific proprietary program; it must be able to be viewed by most standard PC video applications. All buses must be equipped with the digital camera system by the start of the Agreement. All video will be stored and maintained by the Contractor for a minimum of thirty (30) days. Failure to provide requested video footage will result in Liquidated Damages charges of $1,000.00 per incident.

4.3.6 AVL/GPS and Child Check Systems: All Contractor vehicles will be equipped with GPS tracking systems for the entire term of this Agreement, at no additional cost to District. The tracking system should be a comprehensive and secure school bus tracking, communications, and engagement web-based tool for parents and school administrators. This system should provide live tracking and predictive stop arrival times, custom alerts and messages, additional user notifications, and provide dedicated customer support. All buses will also be equipped with child check systems as approved by the District. Failure to AVL/GPS and Child Check Systems will result in Liquidated Damages charges of $100 per bus/per day.

4.3.7 Pre-Kindergarten transportation requires safety equipment for each student being transported on regular routes. Contractor should provide the safety equipment.

6.1.5 If the Contractor is suspended or debarred by the State of Missouri, the federal government, or any other state during the term of this Agreement, the Contractor must inform the School within seven (7) days.
