**GENERAL  
INFORMATION**

## **Student Rights**

The school pledges to allow all students to:

- Feel safe in the school environment.
- Take full advantage of learning opportunities.
- Work in an environment free from disruptions and chaos.
- Express opinions, ideas, thoughts and concerns.
- Have a healthy environment that is smoke, alcohol and drug free.
- Use school resources and facilities for self-improvement.
- Expect courtesy, fairness and respect from all members of the learning community.
- Be informed of all expectations and responsibilities.
- Take part in a variety of school activities.

## **Admissions Policy**

Admission and enrollment of students shall be open to persons who reside within the Kansas City Missouri School District boundaries stated in the open-enrollment charter of each Frontier Schools campus and who are eligible for admission based on lawful criteria identified in the charter and in law. The total number of students enrolled in any campus shall not exceed the number of students approved in the charter or subsequent amendments.

Frontier Schools does not limit admission based on race, ethnicity, national origin, disability, gender, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level.

All students seeking admission to Frontier Schools and its instructional programs must satisfactorily meet all residency, academic, age, immunization, health, safety and other eligibility prerequisites as established by Frontier Schools policies, rules and regulations and by State law. Students entering Frontier Schools will be required to present a birth certificate or some other acceptable proof of age along with proof of residency and immunization records.

## **Non-Discrimination**

Frontier Schools admits students of any race, color, national origin, ethnic origin, age, religion, creed, sex, sexual orientation, veteran's status, disability, or any other legally recognized classification to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. The School System does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. The School System does not discriminate on the basis of race, color, national origin, ethnic origin, age, religion, creed, sex, sexual orientation, veteran's status, disability, or any other legally recognized classification in administration of its hire and employment policies, educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs, and the School provides equal access to the Boy Scouts and other designated youth programs.

Frontier Schools complies with the regulations implementing Title VI and Title VII of the Civil Rights Act of 1964; Title IX of the Education Amendments Act of 1972; Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975; and other state and federal laws and regulations.

## **McKinney-Vento/Homeless Students**

A homeless student is one who lacks a fixed, regular and adequate nighttime residence. This includes students who are sharing housing of other persons due to loss of housing or economic hardship, living in hotels, motels, camping grounds, living in emergency or transitional shelter, cars, parks, or similar settings, abandoned in hospitals or living in places not ordinarily used for sleeping. This includes students who have run away or students whose parents have put them out of their homes. A homeless student may stay in the same school all year, if feasible, even if he/she moves out of Frontier's boundaries. Additionally, the student may enroll in the district in which he/she currently resides.

Homeless students are automatically eligible to participate in the school meals program, instructional services through Title I, and other district services intended to support academic success such as tutoring and transportation to the school if it is in the best interest of the student. Please contact the District Homeless Liaison at (816) 363-1907.

Once school officials have determined that an enrolling student is homeless, the school's homeless liaison will assist the student in obtaining his/her education, immunization, medical, and other records. According to McKinney-Vento, the student must enroll in a school in the interim. If the homeless coordinator is unable to obtain prior immunization records within thirty (30) days of enrolling and the student is still eligible for services under the homeless education program; the student must begin the immunization series and demonstrate that satisfactory progress has been accomplished within (90) days. If the homeless student maintains that he/she is exempted from receiving immunizations, then after thirty (30) days the student must provide documentation in accordance with the exemption requirements provided for in § 167.181.3, RSMo.

**Notice:** Missouri school districts are responsible for meeting the educational needs of an increasingly diverse student population by providing a wide range of resources and support to ensure that all students have the opportunity to succeed and be college prepared and career ready. Frontier Schools has programs designed to help meet the unique educational needs of children working to learn the English language, students who are advanced learners, students with disabilities, homeless students, the children of migratory workers, and neglected or delinquent students.

## **Denial of Admission**

A student may be denied admission based upon a previous disciplinary suspension/expulsion that would have resulted in suspension/expulsion at the school or who has engaged in criminal conduct as provided in Frontier Schools Policies and Regulations and state law.

## **Submission of Applications and Admissions Lottery**

Frontier Schools requires applicants to submit a complete application form in order to be considered for admission. Open enrollment dates are established each year and are posted on the school websites. If an application is received after the application period has passed, the applicant's name will be added to the waiting list behind the names of the applicants who timely applied.

## **Lottery**

If capacity of Frontier Schools is insufficient to enroll all pupils who submit a timely application at any grade level, a computerized lottery will be conducted. If the number of pupils from the applicant list is equal or less than the opening at a grade level, all applicants on that grade level will be admitted.

The Principal or designee of each campus will conduct the computerized lottery, with supervision by the superintendent or designee from Frontier Schools' central office. This ensures that the admissions list and the waiting list are selected randomly. Results of the lottery shall be certified by a notary public.

The lottery software will fill randomly all available seats allowed by the enrollment cap and create a waiting list. As space becomes available, applicants will be called from the waiting list beginning with applicants with the lowest number assignment.

Lottery winners may be notified by telephone, e-mail or U.S. Postal Service. Failure of an applicant to respond within designated deadline will result in the forfeiture of his or her position in the application process. Parents notified by mail should call the admitting campus immediately upon receipt of the notice in order to preserve their child's position in the lottery.

## **Lottery Exceptions**

Students who currently attend Frontier Schools and intend to return the next school year are given priority in admission, so long as they notify the campus they attend of their intent to return for the next school year by the deadline date established. Returning students who indicate their intent to return for the next school year are exempt from the lottery process.

Frontier Schools gives a preference for admission of children whose siblings are enrolled at Frontier Schools or whose parents are employed by Frontier Schools.

- A. Children of Frontier Schools teachers and staff (so long as the total number of students allowed constitutes less than five percent (5%) of the total enrollment) are exempt from lottery and boundary requirements, as permitted by federal guidance on the Charter Schools Program.
- B. Siblings of currently enrolled students at Frontier Schools will receive a preference at the time of the admission lottery. An application is still required and must be submitted before the deadline. "Sibling" shall mean a biological or legally adopted brother or sister residing in the same household as the applicant. Cousins, nieces, nephews and unrelated children sharing an address with the applicant are not siblings. Sibling enrollment is dependent on available space and does not guarantee enrollment of each listed sibling.

Any above listed exceptions to Frontier Schools, Inc. admissions process shall be compliant with RSMo. 160.410.

## **Student Information**

Any student admitted to Frontier Schools must provide records, such as report cards from the previous school attended, to verify his or her academic standing. Verification of residency and current immunization records are also required. Every student enrolling at Frontier Schools for the first time must present documentation of immunizations as required by the Missouri Department of State Health and Senior Services.

No later than 5 days after enrolling in Frontier Schools, the parent and school district in which the student was previously enrolled shall furnish records to verify the identity of the student. These records may include the student's birth certificate or a copy of the student's school records from the most recently attended school.

Frontier Schools will forward a student's records on request to a school in which a student seeks or intends to enroll without the necessity of the parent's consent.

## **Residency Verification**

The Missouri Education Code authorizes schools to obtain evidence that a person is eligible to attend public schools. To be eligible for continued enrollment in Frontier Schools, each student's parent must show proof of residency at the time of enrollment.

Residency may be verified through observation, documentation and other means, to include but not limited to:

- A recently paid rent receipt.
- A current lease agreement.
- The most recent tax receipt indicating home ownership.
- A current utility bill indicating the address and name of the residence occupiers.
- Mailing address of the residence occupiers.
- Visual inspection of the residence.
- Interviews with persons with relevant information.
- Building permits issued to a parent on or before September 1 of the school year in which admission is sought as evidence of residency for the school year in which admission is sought only.

Falsification of residency on an enrollment form is a criminal offense.

## **Removal of Students Ineligible to Attend**

The superintendent or designee will investigate any information Frontier Schools receives indicating that a student is not a resident of the charter district or not otherwise entitled to attend the district in accordance with law or this policy. If the superintendent or designee determines after the investigation that the student is not a resident of the district and is not otherwise entitled to enroll in and attend Frontier Schools in accordance with law and the Frontier Schools policy, the district will notify the student's parents/guardians, ask them to withdraw the student by a specific date, and offer the parents/guardians a hearing. If the parents/guardians do not request a hearing by the specified deadline and do not withdraw the student, Frontier Schools will formally remove the student from its rolls and notify the parents/guardians that the student may no longer attend school in the district.

Any above listed exceptions to Frontier Schools admissions process shall be compliant with State and Federal Laws.

## Attendance and Tardy Procedures

Frontier Schools expects that all students will attend school regularly. Parents/legal guardians should call the school if the student must be absent. Excessive absences may result in loss of academic credit, retention, formal warning from the Courts and referral to the Children's Division and/or possible withdrawal from Frontier Schools. Frontier Schools will consider truant any student who is absent without parental notification. In the event of a period of absence for three (3) or more consecutive days, students returning to school shall provide a written explanation from a health care provider. If parents/legal guardians fail to call the school prior to the student being absent or the student fails to provide a written and signed explanation from a parent or legal guardian for an absence upon returning to school, the absences are considered unexcused and will be recorded as such. **Please Note:** both excused and unexcused absences are considered not being in attendance and are reported to the state. Additionally, all students, must have a 90% average daily attendance rate for consideration of promotion to the next grade.

**NOTICE:** A call to the school does not imply or excuse the absence. Parents/legal guardians must provide a written note with the student's name, date, and reason for absence when the student returns. Frontier Schools asks that parents schedule doctor, dental or other appointments outside of school hours to ensure you child's regular attendance.

Frontier Schools will implement the following procedures for the attendance policy:

Excused absence and tardy: An absence from class resulting from an illness or other health related concern, or other unforeseen circumstances that are verified by a parent/guardian with proper documentation. With documentation, the school will consider the following excused absences:

- Illness and/or hospitalization.
- Medically documented illness (documentation from doctor required after three (3) consecutive days of absence).
- Documented dental, mental health, or medical appointment.
- Religious observance. (**\*Note:** 1 day excused for each religious holy day.)
- School-related activities in which the student is participating.
- Death in the family.
- College visit (*High School Juniors and Seniors only*). No more than two days during junior and senior years.
- Mandatory court date.
- Appearing at a governmental office to complete paperwork required in connection with the student's application for United States citizenship.
- Student participation in a United States naturalization oath ceremony.
- Car trouble (with prior notification). **\*Eligible student drivers only.**

Unexcused absence and tardy: An absence from class that does not meet the requirements of an excused absence regardless of notification from parent. The school will consider the following excused absences:

- Failure to bring a written note within three school days following an absence.
- Leaving school without the permission of the Principal/Assistant Principal.
- Walking out of class.
- Receiving a pass to report to a certain school area and failing to report.
- Oversleeping.
- Family vacation or going out of town.
- Missing the bus.
- No ride to school.
- Personal business.
- Needed at home.
- School-related activities in which the student is NOT participating.
- Car trouble (without prior notification). **\*Note:** Eligible student drivers only.

## Attendance Policy

Frontier School System will adhere to the following steps with regards to excessive student absences (excused or unexcused) within a semester:

- **3 Absences:** Written Notification – The Principal or his/her designee will send written notification through Registered Mail, addressing the importance of attendance for Frontier students. If letter is returned, process will move to next step.
- **5 Absences:** Parent Meeting – The Principal or his/her designee will arrange for a parent meeting to discuss attendance concerns and create plan for improving student attendance. After the third attempt to schedule a meeting, process will move to next step.
- **7 Absences:** Citation Warning Notification Letter – The Principal or his/her designee will send written notification, Registered Mail.
- **10 Absences:** Citation issued by Kansas City Police Department per **Compulsory School Attendance Ordinance No. 120180 (Sec. 50-243)**. Parent and student will be mandated to appear at truancy court. Truancy court will be held each Tuesday at 10:00am.
- **12 Absences:** Referral to the Division of Family Services. (Does not apply for medically documented extended absences).
- **NOTE:** Students missing ten (10) or more days in a semester are eligible to be immediately withdrawn. Examined on a case-by-case basis; 7 consecutive days of unexcused absence that are not communicated with the school, will result in immediate withdrawal from school and student placed on waiting list.

**Late Arrivals / 1st Hour Tardies / Early Pick-ups:** The school's tardy policy has been developed to emphasize the importance of each student arriving on time to school every day and remaining in the classroom for the entire period. Learning personal responsibility by arriving to school and class on time is an integral part of the school's standard of excellence, which helps prepare students for success.

Students who arrive to school pass the designated start time will be marked tardy. Frontier Schools will adhere to the following steps with regard to excessive student late arrivals (does not apply to medically documented tardies):

- Three (3) tardies/late arrivals and/or early pickups: Phone call to parents/guardians;
- Five (5) tardies/late arrivals and/or early pickups: Letter sent via email;
- Seven (7) tardies/late arrivals and/or early pickups: Phone call to parents/guardians;
- Ten (10) tardies/late arrivals and/or early pickups within a semester: Conference with Principal or Assistant Principal;
- Twelve (12) tardies/late arrivals and/or early pickups: Referral to Attendance Committee. Examination of these absences occurs on a case-by-case basis. Residency will be reviewed at this time.
- Fifteen (15) tardies/late arrivals and/or early pickups: Citation from the Kansas City Police Department\* will be issued per **the Compulsory School Attendance Ordinance No. 120180 (Sec. 50-243)** and/or possible referral to the Department of Social Services, and/or referral to school social worker or respective school counselor for outside supports. (Does not apply to excused tardies).

*\*Citations may also be issued for accumulated tardies to different class periods for Middle and High School students.*

Nothing in this policy prohibits an IEP, or 504 team, from providing accommodations pertaining to attendance and tardies to a student with a disability in accordance with state and federal law.

**Early Student Pickups:** Staff members will not excuse a student from school before the end of the school day without a request from that student's parent/guardian. Phone requests must be made prior to 2:30 pm, otherwise students will be placed on the bus. Parents must sign out their student(s) in the Front Office. Please refer to the Tardy Policy for early pickup information. No staff member shall permit or cause a student to leave school prior to the regular dismissal time, except with the knowledge and approval of the Principal or his/her designee and parent.

In all instances of an early pickup, the following precautions are taken to ensure student safety:

- Approval of parent or guardian is required in all instances of early dismissal.
- Students may be released only to a parent or guardian whose signature is on file in the school office or to a properly identified person, authorized in writing by the parent or guardian to act on his or her behalf.

- A student may not be released “on his or her own” without verified parental permission and Principal or his/her designee’s approval.

**Dismissal Policy:** Students should be picked up no later than fifteen minutes after dismissal each day; this includes all after school activities. Students should not be in the corridors, at their lockers, or in the school building later than five minutes following dismissal time unless accompanied by a staff member. Students must follow all school rules during dismissal time.

**Important Notice:** Students are not allowed to remain on campus after designated dismissal times or after any after school activity without adult supervision. A student who remains on campus unsupervised after dismissal time may result in consequences below and/or notification to Kansas City Police Department and/or Division of Family Services.

Students not picked up on time will be subject to the following:

**First Offense:** Warning

**Second Offense:** Assessment of late fee of \$10 for every 10 minutes, *per student*.

**Bus – Kindergarten students returned to the school because no one was at the bus stop to meet them will be assessed the same fees as shown above.**

Frontier Schools recognizes that parents may sometimes depend on their responsible older students to care for younger students for short periods of time, which may include the end of the school day. For parents/guardians who depend on older, responsible siblings to pick up their younger siblings a signed authorization must be on file in each school’s office.

**Make-Up Work:** Students who are absent for school-related reasons or for an anticipated or planned absence their parents must make arrangements for make-up assignments prior to the absence.

For any class missed, the teacher may assign make-up work based on the instructional objectives for the subject or course and the student’s needs in mastering the essential knowledge and skills or in meeting subject or course requirements. Students are responsible for obtaining and completing make-up work in a satisfactory manner and within the time specified by the teacher.

Students will be allotted one day for every day absent to complete make-up assignments. A student who does not complete make-up assignments within the time allotted will receive a grade of “F” or 0% for the assignment.

If a student misses a test due to an excused absence, a make-up test will be scheduled by the teacher. Students are responsible for taking the test at that time. Teachers are not obligated to reschedule a make-up exam. An unexcused absence may result in an “F” or grade of 0% for each assignment missed.

**Compulsory Attendance:** The term "compulsory attendance age for the district" shall mean seventeen (17) years of age or having successfully completed sixteen (16) credits towards high school graduation in all other cases. Children between the ages of five (5) and seven (7) are not required to be enrolled in school. However, if they are enrolled in a public school their parent, guardian or custodian must ensure that they regularly attend.

Compulsory attendance laws require resident students between the ages of seven (7) and either seventeen (17) years or successful completion of sixteen credits toward high school graduation, to attend school full time, with the exception of those students who may be excused from full-time attendance by the Principal. Individual petitions for any deviation from full-time attendance shall be considered by the Principal on the merits of the individual student's application and in compliance with state law and regulations. For purposes of this Policy, a completed credit toward high school graduation is defined as one hundred hours of instruction or more in a course.

Any student age seventeen years or older who drops out of school for any reason other than to attend another school, college or university, or to enlist in the armed services, shall be reported to the state literacy hotline office by Frontier Schools (per campus).

**Truancy and Educational Neglect:** Truancy is defined as deliberate absence from school on the part of the pupil with or without the knowledge of the parent/guardian and for which no justifiable excuse is given. When a pattern of truancy becomes evident, the Principal will investigate and take such action as circumstances dictate. Section 210.115 R.S.Mo. mandates reporting to the Division of Family Services when there is reasonable cause to suspect that a student's nonattendance is due to the educational neglect of the parents/guardians.

Any school official or employee who knows or has reasonable cause to suspect that a student is being subjected to home conditions or circumstances which would reasonably result in truancy will immediately report or cause a report to be made to the building Principal, or his/her designee, who will then become responsible for making a report via the Student Abuse Hotline to the Missouri Division of Family Services (DFS). The building Principal shall inform the Superintendent/designee that a report has been made, and keep the Superintendent apprised of the status of the case.

**Credit and Promotion:** To receive credit in a class or be promoted to the next grade level, a student must attend at least 90% of the days the class is offered. These include both excused and unexcused absences. A student who attends fewer than 90% of the days the class is offered may be referred to the campus Attendance Review Committee (each semester) to determine whether there are extenuating circumstances for the absences and how the student can regain credit.

In determining whether there are extenuating circumstances for an absence, the Attendance Review Committee will use the following guidelines:

- All absences will be reviewed, with consideration given to special circumstances discussed in Missouri Education Code.
- For a student transferring into Frontier Schools after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching a consensus about a student's absences, the committee will attempt to ensure that its decision is in the best interest of the student.
- The committee will consider whether the absences were for reasons over which the student or parent could exercise control.
- The committee will consider the acceptability and authenticity of documentation expressing reasons for the student's absences.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student, parent, or other representative will be given an opportunity to present any information to the committee about the absences and to discuss ways to earn or regain credit.
- Students whose absence is unexcused will not receive any credit for instructional activities occurring during their absence. The net effect of an unexcused absence or absences may be a reduction in the student's grade. In addition, students who have unexcused absences may be required to attend after school classes or Saturday classes to complete classroom work covered in their absences.
- Students are required to make up work as a result of class periods missed. It is the student's responsibility to meet with the teacher to obtain the necessary assignments and instructions.

If credit is lost because of excessive absences, the Attendance Review Committee will decide how the student may regain credit. If the committee determines that there are no extenuating circumstances and that credit may not be regained, the student and/or parent may appeal the decision by filing a written request with the Principal within 15 days of the last day of the semester. The appeal will then be placed on the agenda of the next regularly scheduled Board meeting. The Principal or designee shall inform the student or parent of the date, time, and place of the meeting.

## **Withdrawal from School**

### **Voluntary Withdrawal**

A parent wishing to withdraw a student from school should notify the school at least 24 hours in advance. By providing this information in advance, parents help facilitate the withdrawal process. A withdrawal form may be obtained from the school registrar's office. The Principal or other administrator will verify the information on the withdrawal form when the parent arrives to sign withdrawal papers to complete the process. The parent shall also provide the name of the new school in which the student will be enrolled, and must sign the formal withdrawal request to document that the student will continue to be enrolled in a school as required by compulsory attendance laws. On the student's last day, a copy of the withdrawal form will be given to the student and a copy placed in the student's permanent record. The student will also be provided

with a copy of the completed withdrawal form showing the student's grades earned to date to provide to his or her new school.

Withdrawing students and parents are expected to:

- Return all textbooks and checked-out materials and equipment;
- Complete any make-up work assigned;
- Pay any unpaid balance for student fees, if any; and
- Sign a release of student records.

## Dress Code and Grooming (All Grade Levels)

As authorized by state law and the school's charter, students are required to wear uniforms to school. The school's uniform policy and grooming standards are established to teach grooming and hygiene, create a safe and orderly environment, instill discipline, and eliminate competition and distractions caused by varied dress styles. Students are expected to arrive in a proper school uniform every day, display modesty and neatness, and take pride in their uniforms. The school relies on student common sense and the support of parents to help maintain this dress code.

Parents must provide their student(s) with the required uniform, except in the case of educationally disadvantaged students as provided in the Missouri Education Code. The school may provide a uniform for economically disadvantaged students. A request for school assistance for purchasing uniforms must be made in writing to the Principal, and include evidence of the inability to pay. Further details are available in the Principal's office.

A parent may choose for his or her student(s) to be exempted from the requirement of wearing a uniform if the parent provides a written statement that, as determined by the school administration, states a bona fide religious or philosophical objection to the requirement.

**Notice to Parents and Students:** If a student arrives at school out of uniform or is groomed inappropriately, the student's parent(s) will be called to bring a change of clothes. The student will not be allowed to attend class until he or she is appropriately dressed. Any class time missed will be counted as an unexcused absence. The school reserves the right to determine and restrict unbecoming styles. Violations of the school's uniform policy and grooming standards will result in incremental disciplinary action.

15. A fee for lost, damaged, or overdue library books.
16. A fee specifically permitted by any other statute.

The school may waive any fee or deposit if the student and parent are unable to pay. A request for such a waiver must be made in writing to the Principal, and include evidence of the inability to pay. Details for the fee waiver are available in the Principal's office.

All students attending school must be compliant with state programs mandating immunization against specific diseases. Failure to comply with school immunization requirements will result in exclusion from school until proof of compliance is provided.

After 30 days, failure to comply with the immunization requirements will result in exclusion from school until the parent/guardian provides documentation.

### **Exclusions from Immunization Requirements**

Exclusions from immunization compliance are allowable on an individual basis for medical reasons, reasons of conscience, and active duty with the armed forces of the United States.

If a student should not be immunized for medical reasons, the student must present a statement signed by the child’s physician (M.D. or D.O.), duly registered and licensed to practice medicine in the United States who has examined the child, in which it is stated that, in the physician’s opinion, the vaccine required is medically contraindicated or poses a significant risk to the health and well-being of the child or any member of the child’s household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.

To claim exclusion for reasons of conscience, including a religious belief, a signed DSHS affidavit must be presented by the student’s parent, stating that the student’s parent declines vaccinations for reasons of conscience, including because of the person’s religious beliefs. The affidavit will be valid for a two-year period. Information for obtaining an affidavit for exclusion from immunization requirements is available at <http://www.dhss.mo.gov/Immunizations> (click on the “School/Childcare Requirements” link). The official DSHS affidavit form must be notarized and submitted to the school office within 90 days from the date it is notarized. Frontier Schools will accept only official DSHS affidavit forms developed and issued by DSHS; no other forms or reproductions will be allowed. The student, who has not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the commissioner of public health.

To claim exclusion for military service, the student must prove that he or she is serving on active duty with the armed forces of the United States.

If a parent seeks an exemption for more than one student, a separate form must be provided for each student.

### **Immunization Records Reporting**

The school’s record of your student’s immunization history, while private in most instances, may be inspected by the Missouri Department of Elementary and Secondary Education, local health departments and the Missouri Department of Health and transferred to other schools associated with the transfer of your student to those schools.

### **Emergency Medical Treatment**

If a student has a medical emergency at school or a school-related activity and the parent cannot be reached, school employees will seek emergency medical treatment unless a parent has previously provided a written statement denying this authorization. Therefore, parents are asked each year to complete an emergency care consent form, which includes information about their student’s allergies to medications, etc. Parents should keep emergency care information up-to-date. Please contact the Principal or secretary to update any information.

## **Illness During the School Day**

Students becoming ill or injured during the school day are directed to report to the nurse. If the nurse is not available, the student should report to the main office. Parents or other persons designated on the student's enrollment application will be contacted as appropriate and may be required to pick up their student.

Except in emergencies, students failing to report to the nurse or main office will be counted absent, unexcused. Students must report to the main office before leaving the building.

## **Administration of Medication**

All medication should be administered outside of school hours, if possible. If necessary, medication can be administered at school under the following circumstances:

1. The school will NOT dispense over the counter medication (i.e., acetaminophen, aspirin, ibuprofen, etc.) to students, without a signed parental consent form on file.
2. Medication brought to school must be submitted to the school nurse, along with a Prescription Medication Administration Directions Form signed by the student's physician and parent.
3. Prescription medications administered during school hours must be prescribed by a physician or advanced nurse practitioner ("ANP") and filled by a licensed pharmacist.
4. Prescription medications must be submitted in a labeled container showing the student's name, name of the medication, reason the medication is being given, proper dosage amounts, the time the medication must be taken, and the method used to administer the medication. Medications sent in plastic baggies or unlabeled containers will NOT be administered.
5. Only the amount of medication needed should be delivered to the school, i.e., enough medication to last one day, one week, etc. In cases of prolonged need, send in the amount for a clearly specified period. Extra medication will not be sent home with the student.
6. If the school provides liability insurance for a licensed physician or registered nurse who provides volunteer services to the school, the Board may allow the physician or nurse to administer to any student nonprescription medication or medication currently prescribed for the student by the student's personal physician.

Changes to daily medications require written instruction from the physician or ANP and written permission from the parent. Parents are responsible for advising the school office that a medication has been discontinued.

## **Asthma and Anaphylaxis Medication**

Asthma and anaphylaxis are life-threatening conditions, and students with those conditions are entitled to possess and self-administer prescription medication while on school property or at school-related events.

Student possession and self-administration of asthma or anaphylaxis medication at school requires the student to demonstrate his or her ability to self-administer the medication to the student's physician or other licensed health care provider and the school nurse, if available. Requirements also include written authorization from the student's parent and physician or other licensed health care provider on file in the school office indicating the student is capable of independently administering his or her own asthma or emergency anaphylaxis medication. Medication in a student's possession must be in an original container with a prescription label. Please note that most pharmacies will place a label on the inhaler device upon request.

## **Fitness Testing**

According to requirements under state law, the school will annually assess the physical fitness of students. The school is not required to assess a student for whom, as a result of disability or other condition identified by rule or law, the assessment exam is inappropriate.

## **Vision and Hearing Screenings**

All children enrolled in Missouri schools must be screened for possible vision and hearing problems in accordance with regulations issued by the Missouri Department of State Health Services. Students shall be screened for vision and hearing problems annually at any time during the year prior to May 31.

Screening records for individual students may be inspected by the Missouri Department of State Health Services or a local health department, and may be transferred to another school without parental consent.

**Exemption:** A student is exempt from screening requirements if screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. To qualify for the exemption, the individual or, if the individual is a minor, the minor's parent, managing conservator, or guardian, must submit to the Principal on or before the day of admission an affidavit stating the objections to screening.

## **Counseling Services**

The school provides a counselor to see students regarding problems that they may be experiencing at school or home. Usually, a student's class teacher will refer the student to the counselor with the approval of the Principal or Assistant Principal.

## **Student Suicide Awareness**

Frontier Schools will address suicide awareness and prevention through the following policy components:

1. Crisis response team.
2. Crisis response procedures.
3. Procedures for parent involvement.
4. Community resources available to students, parents, patrons and employees.
5. Responding to suicidal behavior or death by suicide in the school community.
6. Suicide prevention and response protocol education for staff.
7. Suicide prevention education for students.
8. Publication of policy.

## **Freedom from Discrimination, Harassment, and Retaliation**

### **Statement of Nondiscrimination**

Frontier Schools prohibits discrimination, including harassment, against any student on the basis of race, color, religions, gender, national origin, disability, or any other basis prohibited by law. Frontier Schools also prohibits dating violence, as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of school policy.

### **Discrimination**

For purposes of this policy, discrimination against a student is defined as conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or on any other basis prohibited by law, that adversely affects the student.

### **Prohibited Harassment**

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, gender, national origin, disability, or any other basis prohibited by law that is so severe, persistent, or pervasive that the conduct:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

Prohibited harassment includes dating violence as defined by this policy.

Examples of prohibited harassment may include offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes; name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

## **Sexual Harassment**

In compliance with the requirements of Title IX, Frontier Schools does not discriminate on the basis of sex in its educational programs or activities. Frontier Schools does not tolerate sexual harassment of a student by employees or other students. Romantic or inappropriate social relationships between students and school employees are prohibited. Any sexual relationship between a student and a school employee is always prohibited, even if consensual.

Sexual harassment of a student by a school employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A school employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- The conduct is so severe, persistent, or pervasive that it:
  - Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or
  - Creates an intimidating, threatening, hostile, or abusive educational environment.

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects the student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

## **Dating Violence**

Dating violence occurs when one partner in a dating relationship, either past or current, intentionally uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engaged in these behaviors.

For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- Affects the student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

## **Retaliation**

Frontier Public Schools prohibits retaliation against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a school investigation regarding discrimination or harassment, including dating violence, is subject to appropriate discipline.

## **Reporting Procedures**

Any student who believes that he or she has experienced prohibited harassment or believes that another student has experienced prohibited harassment should immediately report the alleged acts to a teacher, counselor, the Principal, or other school employee. Alternatively, a student may report prohibited harassment directly to one of the officials below:

Reports of discrimination based on race, color, national origin, sex, disability or age, may be directed to the Title IX Coordinator. Please contact the school front office for contact information.

A student shall not be required to report prohibited harassment to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX Coordinator may be directed to the Superintendent or the Board of Directors. A report against the Superintendent may be made to the Board of Directors. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

After receiving a complaint of sexual harassment the school may, but need not, require the student to prepare a written report. Oral complaints will be reduced to written form. Upon receipt of a complaint, the Title IX Coordinator or other authorized school official shall promptly authorize and undertake an investigation. When appropriate, the school may take interim action to avoid additional opportunities for harassment. The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and any others with knowledge of the circumstances surrounding the allegations.

The investigator will prepare a written report of the investigation. The report shall be filed with the Title IX Coordinator or other school official overseeing the investigation. If the results of the investigation establish that prohibited harassment occurred, the school shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the harassment and prevent its recurrence. The school may take disciplinary action based on the results of an investigation, even if the school concludes that the conduct did not rise to the level of harassment prohibited by law or policy.

## **Confidentiality**

To the greatest extent possible, the school shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

## **Appeal**

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the Frontier School Systems' grievance procedure. See "Parent and Student Complaints and Concerns". A student shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

## **Freedom from Bullying**

Frontier Schools is committed to maintaining a learning and working environment free from any form of bullying or intimidation. Frontier Schools strictly prohibits bullying on school grounds, during school time, at a school-sponsored activity or in a school-related context.

Bullying is defined as the intentional action by an individual or group of individuals:

- to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property;
- substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or

- substantially disrupts the orderly operation of the school.

Bullying may consist of physical actions, including gestures, or oral, cyber bullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying. Cyber bullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. Frontier Schools may prohibit and/or discipline students for cyber bullying that originates on Frontier Schools campuses or at a Frontier Schools activity. This includes using the school's technological resources to send the electronic communication, if there is a sufficient connection to the educational environment, or if the electronic communication was made on a Frontier Schools campus or at a school activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impacts the education of Frontier Schools' students are subject to discipline.

Frontier Schools shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on Frontier Schools website.

Frontier Schools shall provide information and appropriate training to Frontier Schools staff that have significant contact with students regarding the policy. All staff with significant student contact will receive training on the requirements of this policy on an annual basis.

Frontier Schools shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. Frontier Schools shall instruct its school social workers, and mental health professionals to educate students who are victims of bullying on techniques for students to overcome the negative effects of bullying. Such techniques include but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend oneself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. Campus administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

### **Reporting Procedures**

Frontier Schools strictly prohibits bullying, as defined in this policy, as well as retaliation against anyone involved in the complaint process. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their Principal, a teacher, social worker, or other school employee. Frontier School employees are required to report any instance of bullying which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence immediately to the Principal or his/her designee.

### **Investigation of Report**

The Principal shall determine whether the allegations in the report, if proven, would constitute prohibited harassment, and if so proceed under that policy instead. See "Freedom from Discrimination, Harassment, and Retaliation," page 31. Otherwise, the Principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The Principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be complete within ten (10) school days from the date of the written report of bullying unless good cause exists to extend the investigation. The Principal shall prepare a written report of the investigation, including a determination of whether bullying occurred, and send a copy to the superintendent or their designee. If the results of an investigation indicated that bullying occurred, the school shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct in accordance with the Student Code of Conduct.

No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action in accordance with the Student Code of Conduct. The school may take action based on the results of an investigation, even if the school concludes that the conduct did not rise to the level of bullying under this policy. To the greatest extent possible, the school shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

## **Appeal**

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the school grievance procedure. See "Parent and Student Complaints and Concerns," page 55.

## **Law Enforcement Agencies**

The following procedures shall be followed when law enforcement officers and other lawful authorities want to question or interview a student at the school:

- The school administration shall verify and record the identity of the official and request an explanation of the need to question or interview the student at school;
- The school administration shall make reasonable efforts to notify the student's parent.
- Unless prohibited by law or when the student has been arrested or taken into police custody, a staff member shall be present during the questioning or interview.

When the investigation involves allegations of child abuse, special rules apply. See "Child Abuse Reporting and Programs,"

The school shall permit a student to be taken into custody:

- Pursuant to an order of the juvenile court;
- Pursuant to the laws of arrest;
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision;
- By a probation officer if there is probable cause to believe the student has violated the terms of probation imposed by a juvenile court;
- Pursuant to a properly issued directive to apprehend; or
- By an authorized representative of the Missouri Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order and under the conditions set out in Missouri Family Code relating to the student's physical health or safety.

## **Child Abuse Reporting and Programs**

Frontier Schools provides child abuse anti-victimization programs and cooperates with official child abuse investigators as required by law. Frontier Schools provides training to its teachers and students in preventing and addressing incidents of sexual abuse of children, including knowledge of likely warning signs indicating that a child may be a victim of sexual abuse. Assistance, interventions and counseling options are also available.

The school's administration shall cooperate with law enforcement investigations of child abuse, including investigations by the Missouri Department of Protective and Family Services. School officials may not refuse to permit an investigator to interview a student who is alleged to be a victim of abuse or neglect at school. School officials may not require the investigator to permit school personnel to be present during an interview conducted at school.

Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student's parent, if necessary.

## **Plan for Addressing Sexual Abuse of Students**

### **What is Sexual Abuse of a Child?**

The Missouri Family Code defines "sexual abuse" as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as, in certain circumstances, failure to make a reasonable effort to prevent sexual conduct harmful to a child.

## Reporting Obligation

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to the Missouri Department of Social Services. Reports may be made by contacting one of the following:

- Missouri Abuse Hot line: **1-800-392-3738** or, in non-emergency situations only, <http://health.mo.gov/safety/abuse>
- Non-Emergency number: 816-234-5000.
- Call 911 for emergency situations.

The school has established the following Plan for Addressing Sexual Abuse of Children (the “Plan”). The Plan may be accessed at school’s website and copies of the plan are also available at the Principal’s office and central administrative office.

## Methods for Increasing Awareness Regarding Sexual Abuse of Children

**For Teachers:** The school annually trains teachers in all content areas addressed in the Plan. Training will include contents of the adopted board policy and is provided by campus staff, administrative staff, or outside agencies as determined by the campus administration.

**For Students:** School counseling staff will address issues to increase awareness regarding sexual abuse of children and anti-victimization programs with age appropriate conversation and materials no less than once per [school year/semester]. Sexual abuse awareness will be discussed in classroom group settings for students in grades Pre-K–8, and in health or PE classes for students in grades 9–12.

**For Parents:** Parents must be aware of warning signs indicating that their child may have been or is being sexually abused. A child who has experienced sexual abuse should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that evidence of sexual abuse may be more indirect than disclosures or signs of physical abuse. It is important to remain calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing in coming to you.

The fact that the abuser is a parent or other family member does not remove your obligation to protect the child. Parents who permit their child to remain in a situation where he or she may be injured or abused may also be subject to prosecution for child abuse. And, if you are frightened for your own safety or that of your child, you should call 911 or **1-800-392-3738**.

Also remember that parents are legally responsible for the care of their children and must provide their children with safe and adequate food, clothing, shelter, protection, medical care and supervision, or arrange for someone else to provide these things. Failure to do so may be considered neglect.

The Principal or campus counselor will provide information regarding counseling options available in your area for you and your child if your child is a victim of sexual abuse. DFPS also provides early abuse intervention through counseling programs. The County location may be contacted at their phone number.

## Likely Warning Signs of Sexual Abuse

Psychological and behavioral signs of possible sexual abuse may include:

- Nightmares, sleep problems, extreme fears without an obvious explanation.
- Sudden or unexplained personality changes; becoming withdrawn, angry, moody, clingy, “checking out” or showing significant changes in eating habits.
- Depression or irritability.
- An older child behaving like a young child, for example, bed-wetting or thumb-sucking.
- Developing fear of certain places or resisting being alone with an adult or young person for unknown reasons.
- Resistance to routine bathing, toileting, or removing clothes, even in appropriate situations.
- Play, writing, drawings, or dreams of sexual or frightening images.
- Refusal to talk about a secret he or she has with an adult or older child.
- Leaving clues that seem likely to provoke a discussion about sexual issues.
- Using new or adult words for body parts.
- Engaging in adult-like sexual activities with toys, objects or other children.

- Developing special relationships with older friends that may include unexplained money, gifts, or privileges.
- Intentionally harming him or herself, for example, drug/alcohol use, cutting, burring, running away, and sexual promiscuity.
- Thinking of self or body as repulsive, dirty, or bad.
- Becoming increasingly secretive about Internet or telephone use.

**Physical symptoms of possible sexual abuse include:**

- Stomach aches or illness, often with no identifiable reason.
- Difficulty in walking or sitting.
- Stained or bloody underwear.
- Genital or rectal pain, itching, swelling, redness, or discharge.
- Bruises or other injuries in the genital or rectal area.
- Unexplained soreness, pain or bruises around mouth, sexually-transmitted disease, or pregnancy.

Any one sign does not necessarily mean that a child has been sexually abused, but the presence of several signs is the time you should begin asking questions and seeking help. Signs often first emerge at other times of stress, such as during a divorce, death of a family member or pet, problems at school or with friends, or other traumatic or anxiety-inducing events.

**Actions That A Child Who Is A Victim of Sexual Abuse Should Take:** During student awareness sessions concerning sexual abuse issues, students will be encouraged to tell a trusted adult in a private and confidential conversation if they have been a victim of sexual abuse or have been in situations which make them feel uncomfortable in any way. School employees are trained to take appropriate actions to help the child obtain assistance and to follow proper reporting procedures. Older students will also be provided with local crisis hot line numbers to obtain assistance.

**Lockers and Desks**

Each student will be assigned a locker and desk for his or her individual use. The use of lockers is strongly encouraged, as backpacks are not allowed in classrooms. Lockers are to be used to store books, coats and personal items. Valuable items should not be stored in lockers or desks. The school is not liable for personal items stored in lockers or desks.

The school will provide a locker for each student. Students may be required to provide their own combination lock for their locker. Students must keep their locker combinations private. Students may not trade or share lockers. Students are responsible to make sure that lockers are kept locked at all times. Any damage, vandalism, or other problems with lockers or desks should be reported to the front office. Students will be held responsible for the condition of their lockers if such damage, vandalism, or other problems are not reported.

During the school day, students may go to their lockers during the following designated times only:

- Before class begins in the morning.
- During passing periods between classes.
- Upon dismissal.

**Interrogations and Searches**

In the interest of promoting student safety and attempting to ensure that the school is safe and drug free, school officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Administrators, teachers and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

Students shall be free from unreasonable searches and seizures by school officials, but Frontier Schools reserves the right to perform safety screenings, including but not limited to, student lockers, backpacks, and bags/purse checks. School officials perform searches in the presence of adult witnesses, if such witnesses are available. A school official may ask students to empty pockets, remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable

under the circumstances. No employee shall perform a strip search of any student. Express or implied coercion – such as threatening to contact parents or police – invalidates apparent consent.

A search is reasonable if (1) the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation and (2) the scope of the search is reasonable related to the circumstances justifying the search; i.e., the measures adopted are reasonably related to the objectives of the search and are not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

High School students who are permitted (eleventh and twelfth grade) to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized or contraband items, or evidence of a violation of school policy is contained inside the vehicle.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. A student who refuses to submit to a search may be appropriately disciplined by school officials.

### **Desk and Locker Searches**

Students should have no expectation of privacy in the contents of their lockers, desks or other school property. Lockers and desks assigned to students remain at all times under the control and jurisdiction of the school. The school will make periodic inspections of lockers and desks at any time, with or without notice or student consent. School officials will remove any item that violates school policy or that may potentially be dangerous.

Students have full responsibility for the security of their lockers and desks, and shall be held responsible for any prohibited items found during a search. The student's parent shall be notified if any prohibited articles or materials are found in a student's locker or desk, or on the student's person, as a result of a search conducted in accordance with this policy.

### **Trained Dogs**

The school may use or contract for specially trained non-aggressive dogs to sniff out and alert school officials to the current presence of concealed prohibited or illegal items, including drugs and alcohol. Such visits to the school may be unannounced. The dogs shall be used to sniff vacant classrooms, vacant common areas, the areas around student lockers, and the areas around vehicles parked on school property. The dogs shall not be asked to alert on students. If a dog alerts to a locker, a vehicle, or an item in a classroom, it may be searched by school officials. Searches of vehicles shall be conducted as described above.

### **Procedures for Use of Restraint and Time-Outs**

School employees, volunteers or independent contractors are authorized to use restraint in the event of an emergency and subject to the following limitations:

- Only reasonable force, necessary to address the emergency, may be used.
- The restraint must be discontinued at the point at which the emergency no longer exists.
- The restraint must be implemented in such a way as to protect the health and safety of the student and others.
- The student may not be deprived of basic human necessities.
- At no time, however, may a student be placed in seclusion.

A student with a disability may not be confined in a locked box, locked closet or other specially designated locked space as either a discipline management practice or a behavior management technique.

### **School Visitors**

Visitors for educational purposes are welcome at the school. Visitors must sign in with the front office and present a valid photo: state or government ID upon arrival. Parents must also sign in at the front office. Guests should not be brought to school without prior approval.

Visitors will not be allowed unless a visitor's form has been completed in advance of the school to provide notice of the visit. This form must also be completed when a parent requests to observe a class.

The Principal may take the following actions whenever there is a school visitor:

- Require the visitor to display his or her driver's license or another form of identification issued by a governmental entity containing the person's photograph.
- Establish an electronic database for the purpose of storing information concerning visitors. Information stored in the electronic database may be used only for the purpose of school security, and may not be sold or otherwise disseminated to a third party for any purpose.
- Verify whether the visitor is a sex offender registered with the computerized central database maintained by the Department of Public Safety or any other database accessible by the school.

Any visitor identified as a sex offender will be denied access and escorted by designated school personnel off of the school property.

## **Disruptive Activity**

In order to protect student safety and sustain an educational program free from disruption, state law permits the school to take action against any person who:

- Interferes with the movement of people in an exit, entrance, or hallway of a school building without authorization from the Principal;
- Interferes with an authorized activity by seizing control of all or part of a building;
- Uses force, violence, or threats in an attempt to prevent participation in an authorized assembly;
- Uses force, violence, or threats to cause disruption during an assembly;
- Interferes with the movement of people at an exit or an entrance to school property;
- Uses force, violence, or threats in an attempt to prevent people from entering or leaving school property without authorization from the Principal;
- Disrupts the conduct of classes or other school activities while on school property or on public property that is within 500 feet of school property; or
- Interferes with the transportation of students in school vehicles.

"Disruption" includes making loud noises; enticing, attempting to entice, preventing, or attempting to prevent a student from attending a required class or school activity; entering a classroom without the consent of either the Principal or the teacher; and, through acts of misconduct or the use of loud or profane language, disrupting class activities.

## **Fire and Disaster Drills**

Fire, lock-down, evacuation, and tornado drill instruction will be discussed during the first week of each semester. Students need to understand and follow these procedures. Instructions will be posted on the bulletin board in each teacher's room. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

## **Emergency Closings**

Weather conditions may occur which will make it necessary for campuses to be closed. Parents and students are advised to view website and listen to local radio or television for announcements that the school will be closed.

## **Videotaping of Students**

For safety purposes, video/audio equipment may be used to monitor student behavior in classrooms and hallways, on buses and in common areas on campus. Students will not be told when the equipment is being used. The Principal may review the tapes routinely to document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

**SECTION III:**

**ACADEMICS AND  
GRADING**

## Report Cards and Grading Scales

The school will issue progress reports for each student at the end of each four-week progress period within each quarter. Report cards will be issued for each student at the end of each quarter and mailed to parents. Each student will also receive a final grade for the semester, which will be averaged together from the two previous quarters. Parents are encouraged to maintain contact with their child's teacher if their student is not making adequate progress.

**Kindergarten through 3<sup>rd</sup> Grade:** All classes will follow standards-based grading; teachers monitor students' progress on grade level standards. Learning standards are clearly communicated and progress toward those standards is monitored by the students and the teacher.

**Grades 4-12:** All classes will follow a standard letter grade scale for each quarter. Individual teachers will establish the grading policies and procedures for their classes, with grades corresponding to the following scale:

A = 90–100%    B = 80–89%    C = 70–79%    D = 60–69%    F = 59% and below

Regular Academic Course letter grades have the following GPA weights: A = 4.0    B = 3.0    C = 2.0    D = 1.0    F = 0.0

## Academic Dishonesty

Students engaging in academic dishonesty shall be subject to grade penalties on assignments or tests and disciplinary penalties in accordance with the Student Code of Conduct.

Academic dishonesty includes: cheating or copying the work of another student, plagiarism, and unauthorized communication between students during an examination. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or other supervising professional employee, taking into consideration written materials, observation, or information from students. Teacher should report immediately to the Assistant Principal-Safety and Conduct with referral. The Assistant Principal-Safety and Conduct and Assistant Principal-Academics will discuss what further steps need to be taken. **The school may reserve the right to increase/decrease consequences and/or adjust consequences as necessary.** The school will notify the parents of students who are believed to have been academically dishonest during any examination.

## State Assessments

Frontier Schools policy on student participation in statewide assessments may be requested for viewing in Central Office.

### Elementary and Middle School

Students at certain grade levels will take state-mandated assessment (MAP – Missouri Assessment Program) tests in the following subjects:

- Mathematics, annually in Grades 3–8
- English Language Arts, annually in Grades 3–8
- Science, annually in Grades 5 and 8
- Any other subject and grade required by federal/state law.

### State Examination Procedures

Examinations fulfill an important function in the assessment of each student's academic performance. Examinations are helpful in assisting students to prepare for state-mandated assessment tests by providing exposure to examination conduct, procedures and techniques.

The school has enacted a special Academic Code of Conduct pertaining to state examinations:

- Students are to remain silent during all examinations, unless otherwise directed by the supervising teacher.
- Under no circumstances are students permitted to disrupt the testing environment.
- Students are not permitted to take any paper, including worksheets and scratch paper, into the examination room. Students are also not permitted to remove any paper, including the examination, from the examination room.

- All exams must be made up within the state regulated testing window.
- Student are not permitted to have any electronics during any district or state examination.

### Alternative Assessment

Students with disabilities who receive special education services in grades 3–8 and who are exempt from MAP in one or more subject areas will participate in state-approved assessment instruments in the applicable subject(s).

In addition, all English Learners (EL) who have been in the United States 12 cumulative months or fewer at the time of administration may be exempted from taking the English Language Arts.

## **Homework Policy**

Homework is assigned to support and reinforce the information taught by instructors during the academic day, and an essential part of education. Homework assignments help to develop valuable skills, such as effective study habits, time management skills, responsibilities, and perseverance. Teachers assign homework to foster individual learning and growth that is appropriate for each subject area. Students are responsible for completing and turning in homework on time. A teacher's record regarding homework assignments, in cases of conflict, are final. Students or parents with questions about homework should contact the teacher who assigned it.

## **Promotion Requirements**

A student may be promoted on the basis of academic achievement and/or demonstrated proficiency in the subject matter of the course or grade level. To earn credit, a student must demonstrate mastery on grade-level standards and meet the state and district requirements for attendance.

### **Promotion of Students in Kindergarten**

Students in kindergarten may be promoted to the next grade level after demonstrating satisfactory completion of curricular grade level standards and meeting the 90% attendance requirement.

### **Promotion of Students in 1<sup>st</sup> through 3<sup>rd</sup> Grade:**

- The student must also score at or above the 30th percentile in both the Reading and Mathematics NWEA MAP test during the Spring or Summer testing period.
- The student must have attended at least 90% of classes throughout the year.

If a student satisfies yearly curricular standards, but fails to satisfy attendance and/or NWEA MAP requirements, then the Grade Placement Committee (GPC) will make a decision as to the promotion of the student. GPC shall be composed of the Principal, Assistant Principal-Academics and the student's classroom teacher.

### **Promotion of Students in Grades 4-5**

Students in grades 4–5 may be promoted to the next grade level if the following conditions have been satisfied:

GPC shall be composed of the Principal, Assistant Principal-Academics and the student's classroom teacher.

### **Promotion of Students in Grades 6–8**

Students in grades 6-8 may be promoted to the next grade level if the following conditions have been satisfied:

## **Summer School**

The school may offer summer school for class recovery to the students who do not meet promotion requirements. If a failing student does not attend summer school, the student will automatically be retained.

## **Computer Resources**

To prepare students for an increasingly computerized society, the school has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. Students with access to the school's computers and their parents are required to sign and follow the Student Acceptable Use policy found at the back of the Handbook. Violations of this agreement may result in withdrawal of computer privileges and other disciplinary action. Electronic communications, such as e-mails sent from or received on school computers, are not private and may be monitored by school staff.

## **Tutoring and Enrichment**

Students are encouraged and may be required to see teachers for tutoring or enrichment. Frontier Schools currently uses a variety of assessments and teacher input to determine if your child would benefit from tutoring in the following areas: English, Mathematics, and Science. In addition, Frontier Schools offers students enrichment opportunities in the following areas: computers, music, art, physical education, and other opportunities determined to be enrichment by the individual school. Tutoring in all core subject areas, aims to grow specific skills that teachers have identified that will prepare students to be successful in their classes. Enrichment aims to offer opportunities not found in the regular school day.

Teachers employed by Frontier Schools are not permitted to privately tutor their students for pay.

## **Student Recognition**

Each building will recognize students who have shown exceptional success in both academics and in character each quarter or semester by hosting an awards ceremony.

## **Special Programs**

### **English Learner Services**

In keeping with state and federal law, the school offers English as a Second Language services at all appropriate grade levels for English language learners who are limited in their English proficiency. The school's goal is to provide additional English language assistance to students, enabling them to become academically successful in all classes. Students are assessed with state-approved Oral Language Proficiency and Norm-Referenced Tests to qualify for placement in the program. If test results indicate either limited oral or limited cognitive academic English ability, the student (with parent approval) is provided additional English language support.

### **Special Education Services**

The school has the responsibility of identifying, locating, and evaluating individuals with disabilities who are 4–21 years of age and who fall within the school's jurisdiction. If you know or suspect that your child has a disability, please contact the school's Principal for information about available programs, assessments, and services.

Special education services are specifically designed to meet the unique needs of students with disabilities. Each student who receives special education services has an Individual Education Plan ("IEP") which is developed by the student's IEP Team. The IEP Team considers the student's disability and determines appropriate accommodations, supplementary aids, and/or services that are necessary for the student to participate in the general curriculum.

All special education services are provided in the least restrictive environment which may be special education settings, general education settings, or a combination of both. All students receiving special education services are educated to the

maximum extent appropriate with their non-disabled peers as well as participating in all school activities on the same basis as students who are not disabled.

The *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*, can be obtained from the Special Education Director.

### **Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education Services**

If a child is experiencing learning difficulties, the parent may contact the Principal to learn about the school's overall general education referral or screening system for support services. This system may link students to a variety of support options, including potential referral for a special education evaluation. Students having difficulty in a regular classroom must be considered for, and provided service from, all tutorial, compensatory, and other support services prior to a referral for special education services.

A parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the school must decide if the evaluation is needed. If the school determines the evaluation is needed, the parent will be notified and asked to provide written consent for the evaluation. The school must complete the evaluation and the report within 60 days of the date it receives the written consent. The school must meet with the parent to explain the findings of the evaluation and must give a copy of the report to the parent.

If the school determines that an evaluation for special education services is not appropriate, it will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs parents of their rights if they disagree with the school. Additionally, the parent will be provided a copy of the *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning disabilities or a referral for evaluation for special education is the Special Education Coordinator.

### **Section 504 Services**

Frontier Schools provides a free appropriate public education to each qualified student with a disability, regardless of the nature or severity of the student's disability. A "student with a disability" is one who has a physical or mental impairment that substantially limits one or more of the student's major life activities, has a record of having such impairment, or is regarded as having such impairment. A student with a disability is "qualified" if he or she is between the ages of three and 21, inclusive.

An appropriate education is the provision of regular or special education and related services that are (1) designed to meet the student's individual educational needs as adequately as the needs of students who do not have disabilities are met; and (2) based on adherence to procedures that satisfy federal requirements for educational setting, evaluation and placement, and procedural safeguards.

Qualified students with disabilities will be placed in the regular educational environment, unless the school demonstrates that education in the regular environment with the use of supplemental aids and services cannot be achieved satisfactorily. Should an alternate educational environment be necessary, the school shall comply with all legal requirements regarding least restrictive environment and comparable facilities for students with disabilities.

In providing or arranging for nonacademic and extracurricular services and activities, the school shall ensure that a qualified student with a disability participates with students who do not have disabilities to the maximum extent appropriate.

To be eligible for services and protections against discrimination on the basis of disability under Section 504 of the Rehabilitation Act, a student must be determined, as a result of an evaluation, to have a "physical or mental impairment" that substantially limits one or more major life activities. If a student has or is suspected of having a disability, or requires special services, parents or teachers should contact the Principal for information concerning available programs, assessments, and services. For further information, please contact the Section 504 Coordinator at your school.

### **Services for Title I Participants**

Information regarding the school's Title I program may be obtained from the Principal.

**SECTION IV:**

**STUDENT CODE OF  
CONDUCT**

To function properly, education must provide an equal learning opportunity for all students by recognizing, valuing, and addressing the individual needs of every student. In addition to the regular curriculum, principles and practices of good citizenship must also be taught and modeled by school staff. This includes an appreciation for the rights of others. Frontier Schools is committed to helping every student fulfill his or her intellectual, social, physical, and emotional potential. To foster an orderly and distraction-free environment, Frontier Schools has established this Student Code of Conduct (“the Code”). The Code outlines prohibited behaviors and consequences for such behavior. Frontier Schools has the responsibility and authority to enforce the Code, question students, counsel them, and assign discipline when appropriate.

The Code does not define all types and aspects of student behavior. The Board of Directors and the Superintendent may establish written policies, rules, and regulations of general application governing student conduct in all schools. In addition, each Principal, within his or her own school, may establish certain rules and regulations not inconsistent with those established by the Board and the Superintendent.

Any conduct that causes or creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity, or purpose, or that interferes or creates a reasonable likelihood that it will interfere with the health, safety, or well-being or the rights of other students is prohibited.

A teacher may request for intervention assistance through the front office, to maintain effective discipline in the classroom. In addition, a teacher may request removal of a student from class for the following but not limited to:

1. Who has been documented by the teacher to repeatedly interfere with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn; or
2. Whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn.

The Board of Directors has authorized After School, and Saturday School Detention, In-school and Out-Of-School Suspension, and Expulsion as methods of disciplining students. The Board of Directors has also given authority to the Superintendent or designee to use any of these disciplinary actions which, in his or her judgment, is appropriate for the violation.

**When students participate in student activities, they will also be expected to follow the guidelines and constitutions that further specify the organization’s expectations, student behavior and consequences.**

## **Jurisdiction**

The school may discipline a student:

1. For any violation of the Code committed while a student is
  - a) On school property;
  - b) In transit to and from school;
  - c) Attending any school-related or school-sponsored activity, so long as the student is under the direction of a school employee;
  - d) On the school property of another Missouri school district;
2. Attending another district’s school-sponsored or school-related activity;
3. When a school employee or volunteer is a victim of retaliation no matter when or where it takes place; or

## **Discipline Point System (Grades 4 and up)**

Frontier Schools has implemented a Discipline Point System ("DPS") in which students are given "DPS points" for unacceptable behavior. All teachers and staff will use this system. Parents will be notified when conduct results in consequences under the DPS system.

### **Rules of Discipline Point System:**

1. Every teacher (grades 4-12) is required to mention the DPS system in his or her syllabus and implement the system.
2. If a student has at least one discipline point and does not receive any discipline points within a school day, the student's discipline points will be reduced by one the following school day.
3. A teacher can give points only once for the same incident per class period. The teacher shall fill out a Discipline Referral Form for the same behavior and contact an Assistant Principal.
4. An accrual of 10 or more points may result in attending In-School, Saturday, or After School Detention. Students may receive more DPS points, however, for unacceptable behavior during detention. Failing to attend a Saturday or After School Detention without any confirmed excuse may result in a one day Out of School Suspension (per campus policy).
5. Accrual of 25 or more points may result in a one day In-School Suspension (per campus policy).
6. Accrual of 50 or more points may result in two days In-School or Out of School Suspension (per campus policy).
7. Accrual of 75 or more points may result in a three days Out of School Suspension.
8. Accrual of 100 or more points may result in long term suspension.

Each time a student is observed performing a random act of kindness, helping a classmate, or assisting a teacher, he or she will be rewarded with a PRS point. (In addition to these examples, there are several other ways to earn PRS points.) Points are accumulated throughout the school year, and students can use them to participate in field trips, free dress days, and other fun activities. PRS points can even be used to reduce DPS points!

Please help us encourage your child to earn PRS points. A full listing of PRS point-eligible behavior can be found in the chart below.

Detention may be held on each day during school for up to eight hours. Students who serve detention must make arrangements to be picked up from school. Parents may request in person a delay of the detention. There are three types of detention: In-School, After School, and Saturday.

## **In-School/After School Detention**

1. Students will bring materials to work on – homework or books to read from the Library; only school acceptable materials are permitted. Classroom materials may be sent by a teacher.
2. Students will not be permitted to go to their lockers during detention; all materials must be brought to the detention room when reporting.
3. Sleeping is not permitted.
4. Students are not allowed to talk, unless given permission.
5. Students should use the restroom before detention starts and be prepared to stay in the detention room for the entire length of time, except during an emergency.
6. Students will follow all rules concerning classroom behavior. Failure to comply will mean suspension from school.
7. Any student assigned to the detention room must stay the entire time. Students refusing to cooperate during detention may be suspended from school.
8. Students assigned after school detention will not be permitted to participate in any extra-curricular activities that day.
9. Parental notification will be provided as required.

## **Saturday Detention**

Saturday Detention serves as an alternative to in school suspension for violation of school rules, and prevents students from losing instruction time. During the hours of detention, students work to increase academic skills, engage in activities to improve self-concept, and address discipline issues.

Students who attend Saturday Detention may receive academic assistance and may be given the opportunity to do homework, make-up or remedial work, under the supervision of a teacher. Written notification of a Saturday detention is sent home with the student. This notification lists the cause for and date of the detention. The only acceptable excuse for not attending a Saturday detention is a verified (doctor's note) illness of the student.

### **Rules:**

1. Saturday Detention will be held in the school cafeteria at the Principal's designee's discretion.
2. Parents are expected to provide transportation to and from detention
3. Students are required to wear their school uniforms. Should a student arrive late for a Saturday Detention without a note for an "emergency excuse," he or she will be assigned the next scheduled Saturday Detention. A second late arrival to an assigned Saturday Detention will result in out-of-school suspension beginning on the following Monday, plus attendance at the next Saturday Detention.
4. If an emergency arises and the student cannot attend, the parent must contact the Assistant Principal. If the reasons are acceptable, the detention will be rescheduled. If a student does not participate in scheduled Saturday detention without any confirmed excuse, the student will receive one day out of school suspension plus attendance at the next scheduled Saturday detention.
5. Students left at the school after 11:45 a.m. will be unsupervised. The school is not responsible for students who are left after 11:45 a.m.
6. Students may be asked to bring appropriate materials with which to work.
7. No radios, food, beverage, candy, comic books, etc. allowed during Saturday Detention.
8. Students will be expected to work the entire time while at Saturday Detention. Any student not working will be removed from the detention and referred to the Assistant Principal. Any student acting disruptively will be removed from Saturday Detention and be referred to the Assistant Principal for further disciplinary action. Parents will be notified regarding the infraction immediately.
9. No student is permitted to sleep during Saturday Detention.
10. Lavatory privileges will be at discretion of the Saturday Detention administrator.
11. If a student does not turn in Parent Notification form on the due date without any confirmed excuse, he or she will have one day out of school suspension.

Failure to follow these guidelines may result in one day of out of school suspension, plus attendance at the next scheduled Saturday Detention or any other Level I offense.

## **Suspension**

The school utilizes two kinds of suspension: In School Suspension and Out of School Suspension.

Disciplinary Process: The Principal will designate a campus Assistant Principal - Safety and Conduct. The Assistant Principal - Safety and Conduct will form a Discipline Committee to review decisions regarding student discipline at the

request of the Principal. The Discipline Committee may review all offenses under the Code of Conduct. The Principal will review the Discipline Committee's recommendation and issue an appropriate consequence. For all decisions involving out of school suspension lasting 10 days or less, the Principal's decision is final. Special rules apply when the Discipline Committee recommends out of school suspension lasting ten or more days or expulsion.

Failure to follow these guidelines will be reported to the Assistant Principal for further action, which may include up to three days of out of school suspension or any other Level I offense.

## **Procedures for Suspensions and Expulsions**

### **Out-of-School Suspension (10 School Days or Less)**

Principals or their designees, subject to the appropriate due process procedures and state statutes, may suspend any student for up to ten (10) school days for violation of the Student Code of Conduct. The Principal or their designees shall notify the Superintendent or their designee of any suspension.

Prior to imposing the suspension, the Principals or their designees must adhere to the following procedures:

1. Determine whether the student is a special needs student. The student is a special needs student if any of the following are present:
  - has an IEP;
  - has a Section 504 Plan or request;
  - is in the process of being evaluated for a disability

If the student is not a special needs student, the Principals or their designees should proceed as follows:

2. Inform the student, verbally or in writing, of the charges against him/her and give him/her the opportunity to admit or deny the allegations.
3. If the student denies the charges, he/she must be given an explanation of the facts as known to school personnel and use the opportunity to present his/her version of the incident before any consequences are imposed.
4. If he/she deems it necessary, the Principals or their designees may conduct a further investigation into the matter before imposing a disciplinary suspension.
5. The suspended student's parent or legal guardian will receive notification of the suspension within twenty-four (24) hours of the decision.

For purposes of this policy, the Principal may designate an Assistant Principal to act on the Principal's behalf, subject to the Principal's supervision. In some cases, the Principal or Assistant Principal may choose to shorten the length of suspension after a parent conference or if another satisfactory solution to the problem is mutual. In such cases, consultation with the teacher involved in the offense will result. The Principal's or their designee's decision is final.

### **Long-term Suspensions (11-180 School Days)**

The Superintendent or their designee(s), may suspend students from school for a period of eleven (11) to one hundred eighty (180) days after the student and his/her parents/guardians have been afforded a disciplinary hearing. The Superintendent shall officially declare regulations, setting out procedures for the hearing. For purposes of this policy, the Superintendent may designate an administrator to act on the Superintendent's behalf, subject to the Superintendent's supervision.

During the hearing, the student is subject to the following due process safeguards:

1. The student will receive oral and/or written notice of the charges against him/her.
2. If the student denies the charges, he/she will receive an oral or written explanation of the facts, which form the basis for the proposed suspension.
3. Prior to imposing consequences, the student will receive an opportunity to present his/her version of the incident. A student has the right to bring witnesses forward on his/her behalf.
4. Administration will promptly notify the student's parents or guardian of their actions, the reasons for such action and the right to a hearing before the Board of Directors.
5. Students have the right to have their parents or legal guardians present at a disciplinary hearing but not legal counsel.

After the hearing, the parents/guardians will receive the notice by certified mail and email to the address shown in school records.

A student who is on suspension may not be within 1,000 feet of any school property unless he/she lives within 1,000 feet of the school, has a parent with him/her, or has been requested by the administration to attend a meeting at the school, or any activity of Frontier Schools, regardless of whether or not the activity takes place on school property, unless the Superintendent or their designee(s) has authorized the student to be on school property. This restriction does not apply to suspended students enrolled and attending an alternative school which is within 1,000 feet of any Frontier school.

If a suspension is ordered by the Superintendent, or their designee(s) for more than ten (10) consecutive school days, the Superintendent, or their designee(s) order may be appealed to the Board of Directors if written notice of appeal is made to the Board of Directors within five (5) days of receipt of the Superintendent, or their designee(s) suspension letter. If such suspension is appealed, the Superintendent, or their designee(s) shall promptly provide the Board with a report of the facts involved in the suspension, the action taken by the Superintendent, or their designee(s), and the reasons for the Superintendent, or their designee(s) decision.

In such event, the suspension shall be stayed until the Board renders its decision, unless in the judgment of the Superintendent, or their designee(s) the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the student may be immediately removed from school, and the notice and hearing shall follow as soon as practicable. Removal of any student with a disability is subject to state and federal procedural rights.

Note: Administrators will discipline students with special needs (i.e., disabilities, IEPs or Section 504 Plans) in accordance with federal and state law, as well as Frontier Schools Code of Conduct.

Any appeal to the Board of Directors of the Superintendent, or their designee(s) decision to suspend a student for more than ten (10) consecutive school days may be heard and determined by the full Board or by a quorum thereof, or by a committee of three Board members appointed by the President of the Board. Such committee shall have full authority to act in lieu of the Board.

Students will be readmitted or enrolled after expiration of their suspension from Frontier Schools after a conference has been held to consider prior misconduct and remedial steps necessary to minimize future acts of similar misconduct. Participants in such pre-admission conferences will include:

1. Any teacher directly involved in the suspension offense.
2. The student.
3. The parent/guardian.

4. The representative of any agency having legal jurisdiction, care, custody, or control of the student.
5. Frontier staff members designated by the Superintendent, or their designee(s).

Campus Principal may place a child to an alternative school/location during suspension.

## **Expulsion**

The term "expulsion" refers to permanent exclusion from school.

The Board of Directors is the only governing body within Frontier Schools, which may expel a student who consistently or grossly refuses to conform to school policies, rules and/or regulations. Prior to expelling a student, the parents/guardians must receive notice and a hearing before the Board of Directors. The parents/guardians, or student, if 18 years or older, may waive the expulsion hearing. However, the Board of Directors must make a good faith effort to notify parents/guardians. In all Board of Directors' hearings for expulsions and/or appeals of long-term suspensions, all parties will adhere to the following procedures:

1. The student, parent/guardians will receive notification, in writing, of:
  - a) The charges against the student;
  - b) The contemplated action;
  - c) Their right to a Board of Directors hearing;
  - d) The date, time, and place of the hearing; and
  - e) Their right to counsel.

After the hearing, the parents/guardians will receive notification by certified mail to the address shown in school records.

2. The hearings are not open to the public unless specified by the Board of Directors. The hearing will only be open to the public with parental consent. At the hearing, Administration or counsel for Administration will present the charges, testimony, and evidence to support such charges. The student, his/her parents/guardians or their counsel shall have the right to cross-examine witnesses presented in behalf of the charges and to present testimony in defense there against.
3. At the conclusion of the hearing, or in an adjourned meeting, the Board of Directors shall deliberate in Executive Session and render a decision to dismiss the charges, suspend the student for a specified period, or expel the student from Frontier Schools. Administration or its counsel, by direction of the Board of Directors, shall promptly prepare and transmit to the parents/guardians written notice of the decision.

Except when required by law, students will not earn academic credit during a period of long term suspension or expulsion.

## Your Involvement as a Parent

A student's education succeeds best when there is a strong partnership between home and school, a partnership that thrives on communication. Your involvement in this partnership may include:

1. Encouraging your student to put a high priority on education and working with your student on a daily basis to make the most of the educational opportunities the school provides.
2. Becoming familiar with all of your student's school activities and academic programs, including special programs, offered in the school. Discuss with the teacher or Principal any questions you may have about the options and opportunities available to your student.
3. Monitoring your student's academic progress and contact teachers as needed.
4. Attending scheduled conferences and requesting additional conferences as needed.
5. Becoming a school volunteer or participating in campus parent organizations.

## Surveys and Activities

Students will not be required to participate without parental consent in any survey, analysis, or evaluation – funded in whole or in part by the U.S. Department of Education – that concerns:

1. Political affiliations or beliefs of the student or the student's parent(s).
2. Mental or psychological problems of the student or the student's family.
3. Sexual behavior or attitudes.
4. Illegal, antisocial, self-incriminating or demeaning behavior.
5. Critical appraisals of individuals with whom the student has a close family relationship.
6. Relationships privileged under law, such as relationships with lawyers, physicians and ministers.
7. Religious practices, affiliations, or beliefs of the student or parents.
8. Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

Parents will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis or evaluation.

## “Opting Out” of Surveys and Activities

Parents have a right to receive notice of and deny permission for their child's participation in:

1. Any survey concerning the private information listed above, regardless of funding.
2. School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
3. Any non-emergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

## Communication

Communication between parents and school staff is a key component of student success. Parents are responsible for notifying the school of any change of address, telephone number, or e-mail address. Parents may contact school staff by using several methods, including:

- Calling the front office during school hours. Administrative Assistants will take a message and the teacher will respond as soon as possible.
- Sending an e-mail to teachers. Teacher e-mail addresses are available on the school database.

- Checking a student's progress and conduct on-line by viewing the school website and logging into your child's database account.
- Checking the "Letters and Messages to Parents" board in the front office.
- Checking the school marquee in front of the school, if available.

The Frontier School System (FSS) staff will treat parents and other members of the public with respect and expect the same in return. The school and office must be free from disruptions or threats. Accordingly, this policy promotes mutual respect, civility, and orderly conduct among FSS staff, families, and the public. This policy is not intended to deprive any person of his/her right to freedom of expression. Rather, FSS wants a safe, harassment-free environment for our students and staff. We encourage positive communication and discourage volatile, hostile or aggressive actions.

2. The staff uses the following procedures in dealing with abusive individuals. If any member of the public uses obscenities or speaks in a loud, insulting, and/or demeaning manner, the administrator or employee to whom the remarks are directed will calmly and politely warn the speaker to communicate civilly. If the abusive individual does not stop, the employee will verbally notify the abusing individual that the meeting, conference, or telephone conversation is terminated; if the meeting or conference is on school property, the employee shall direct the abusive individual to leave promptly.
3. During the conference, the staff member should provide written copy of this policy to any individual who violates this policy. The staff member will then immediately notify his/her supervisor and provide a written report of the incident. When the Administration believes that any repeat violations of this policy may occur, a letter should be sent to the individual who has violated the policy. The letter will include a copy of the policy and list any restrictions on the individual's access to school facilities.

# **SECTION VI:**

# **IMPORTANT NOTICES**

## **Annual Notice of Parent and Student Rights (Annual FERPA Confidentiality Notice)**

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (eligible students) certain rights with respect to the student's educational records. These rights include the following:

### **The Right to Inspect and Review**

Parents and/or eligible students have the right to inspect and review the student's educational records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the Principal a written request that identifies the record(s) they wish to inspect. The school will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the student's educational records, the school shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.

The school shall not destroy any educational records if there is an outstanding request to inspect and review the records under this section. The school may charge a reasonable fee for a copy of an education record that is made for the parent or eligible student, unless the imposition of a fee effectively prevents a parent or eligible student from exercising the right to inspect and review the student's education records. The school will not charge a fee to search for or to retrieve the educational records of a student.

If the educational records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information about that student.

### **The Right to Seek Amendment of the Student's Educational Records**

Parents and/or eligible students may ask the school to amend a record that they believe is inaccurate, misleading, or otherwise in violation of the privacy rights of the student. Such a request must be made to the Principal in writing, clearly identify the part of the record the parent or eligible student wants changed, and specify why it is inaccurate or misleading. The school will decide whether to amend the record as requested within a reasonable time after the school receives the request. If the school decides not to amend the record as requested by the parent or eligible student, it will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment.

If, as a result of the hearing, the school decides that the information is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, the school decides that the information in the educational record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school, or both. If the school places an amended statement in the educational records of a student, it is obligated to maintain the amended statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

### **The Right to Consent Prior to Disclosure**

Parents and/or eligible students have the right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A "school official" is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Directors; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another open-enrollment charter school, school district, or private school in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

### **The Right to File a Complaint**

Parents and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. These complaints should be addressed as follows:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202-4605

### **Access to Medical Records**

Parents are entitled to access their students' medical records.

### **Notice for Directory Information**

Under FERPA, the school must, with certain exceptions, obtain written consent prior to the disclosure of personally identifiable information from a student's education records. However, the school may disclose appropriately designated "directory information" without written consent, unless a parent or eligible student has advised the school, in writing, to the contrary. The primary purpose of directory information is to allow the school to include this type of information from a student's education records in certain school publications.

The school has designated the following categories of information as directory information:

- Student's name.
- Parent/Guardian name.
- Address.
- Current campus of attendance

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be released to outside organizations without prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks and/or businesses or members of the public seeking information about a student under the Missouri Public Information Act. In addition, two federal laws require the school to provide military recruiters, upon request, with student names, addresses and telephone listings, unless a parent or eligible student has advised the school that they do not want the student's information disclosed without prior written consent.

Any parent or eligible student who does not want the school to disclose directory information from the student's education records without prior written consent must notify the school in writing by completing and returning the "Use of Student Photos and Directory Information Opt Out Form" no later than the end of the first week of instruction after the student is enrolled.

### **Student Acceptable Use Policy**

#### **Technology Mission Statement**

The school is committed to utilizing the maximum potential of technology to enhance student learning and increase teacher effectiveness by providing students with technology-related experiences. Recognizing the ever-changing influences of technology on all aspects of our lives, the school is dedicated to providing an integrated technological curriculum for all students and staff members. Students will have access to the technology necessary to produce, manage, communicate and retrieve information in an efficient manner for educational use. In the attainment of both present and future goals, the school will provide a continually evolving staff development program oriented toward the integration of technology in areas of curriculum.

## **Instructional Resource**

The school is proud to bring network and Internet access to school employees and students, and believes the Internet offers many diverse and unique resources to both students and staff. The school's goal in providing this service to staff and students is to promote educational excellence in schools by facilitating resource sharing, innovative teaching, and communication skills.

Students and staff have access to numerous research oriented and instructional resources via the Internet. On-line encyclopedias, professional journals, and databases filled with timely information on thousands of topics are just a few of the resources provided. On-campus computers have the technology necessary to support student research and to promote academic achievement.

## **Student Safety**

The school is aware that resources which are inappropriate or not designed for use in the educational setting may be accessed on the Internet. To protect students and staff from such inappropriate material, the school's Internet access is filtered with one of the highest-rated Internet filtering systems available. However, users must recognize that it is impossible for the school to restrict access to all controversial material and individuals must be responsible for their own actions in navigating the network.

## **Purpose**

The purpose of this policy is to ensure school-level compliance with all procedures and regulations regarding the local area network and Internet usage. All students, parents, teachers, administrators and school employees who obtain their Internet access through the school are expected to use these services appropriately.

## **User Responsibilities**

The use of the Internet is a privilege. Abusive conduct will lead to the privilege being revoked. The school is providing Internet resources for educational purposes only. Student/staff use of Internet resources must be related to an expressed educational and/or administrative goal or objective.

1. The use of the school's Internet and computer network must be in support of educational goals, research, and class assignments and be consistent with the educational objectives of the school.
2. Users must have a valid, authorized account to access the network, and use only those computer resources that are authorized. Accounts may be used only in accordance with authorized purposes.
3. Individual accounts may be used only by the owner of the account except where specifically authorized by the school administration. In the case of class accounts, all use must be under the supervision of the sponsoring teacher/supervisor.
4. The user is responsible for safeguarding the computer account. Users are expected to protect access to accounts by periodically changing the password and keeping it confidential. They must respect the privacy of others by not tampering with their files, passwords or accounts.

## **Acceptable Use**

Users are to properly use school network resources for educational and/or administrative purposes. Respectful and responsible network etiquette and behavior should be in keeping with the school's mission statement. Students and staff are expressly prohibited from accessing obscene, profane, vulgar, or pornographic sites or materials.

Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation or illegal. This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring or sharing obscene, sexually oriented, lewd or otherwise illegal images or other content will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

## **Monitored Use**

Electronic mail transmissions and other use of the electronic communications system by students and employees shall not be considered confidential and may be monitored at any time by designated school staff to ensure appropriate use for educational or administrative purposes. Forgery or attempted forgery of electronic mail messages is prohibited. Only the school's authorized IT Manager may read, delete, copy or modify the electronic mail of other system users.

## **Vandalism**

Vandalism is defined as any malicious attempt to harm, disrupt or destroy data of another user of the school's network or any other agencies or networks that are connected to the Internet. This includes, but is not limited to, the uploading or creating of computer viruses. Any of these actions may be viewed as violations of school policy, administrative regulations and, possibly, as criminal activity under applicable state and federal laws. Users must respect the privacy of other users, and will not intentionally seek information on, obtain copies of, or modify any file, data, or password belonging to another user, or represent themselves as another user unless explicitly authorized. Deliberate attempts to degrade or disrupt system performance and/or degrade, disrupt or bypass system security are violations of school policy and administrative regulations, and may constitute criminal activity under applicable laws.

Any prohibited behavior under this policy will result in the cancellation of technology privileges. The school will, in accordance with school policy, cooperate with local, state, or federal officials in any investigation concerning or relating to misuse of the school's network.

## **Network Etiquette**

Each network user is expected to:

1. Be polite (i.e., an all-caps message implies shouting);
2. Use appropriate language;
3. Refrain from any activity that may be considered "cyber bullying," including but not limited to threats of violence, extortion, obscene or harassing messages, harassment, stalking, child pornography, and sexual exploitation;
4. Maintain confidentiality of the user, colleagues, and students;
5. Respect copyright laws; and
6. Be respectful in all aspects of network use.

## **Consequences**

Violation of the school's policies and procedures concerning use of the computer on the network will result in the same disciplinary actions that would result from similar violations in other areas of school policy, including the Student Code of Conduct. Any or all of the following consequences may be enforced if a student violates the terms of this policy:

1. Loss of computer privileges/Internet access, with length of time to be determined by campus administration.
2. Any campus-based disciplinary consequence, including suspension, as deemed appropriate by the administration.
3. Suspension may be considered for flagrant violations or violations that corrupt the educational value of the computers or the Internet.
4. Expulsion may be considered in instances where students have used the school's Internet access to engage in conduct that constitutes felony criminal mischief, and/or have deliberately attempted to bypass installed security software or copy/modify another student's work files.

## **Acceptable Use Agreement Acknowledgement Form**

I have read and agree to abide by the Frontier Schools Student Acceptable Use Policy. I further understand that any violation of this policy may constitute a criminal offense. Should I commit any violation, my Internet and computer access privileges may be revoked, and school disciplinary action and/or appropriate legal action may be taken.

(If you are under the age of 18 a parent or guardian must also read and sign this agreement.)

As the parent or guardian of this student, I have read the Frontier Schools Student Acceptable Use Agreement. I understand that this access is designed for educational purposes. Frontier Schools has taken precautions to eliminate controversial material. However, I also recognize it is impossible for the school to restrict access to all controversial materials and I will not hold the school responsible for materials transmitted on the network. Further, I accept full responsibility for supervision if and when my child's use is not in a school setting. I hereby give permission to issue an account for my child and certify that the information contained on this form is correct.

## Regulation of Electronic Communication Device Commitment Form

Electronic communications at school and at school-related functions are subject to regulation by the school.

This Electronic Communication Device Commitment Form grants authority and permission to the school to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school related functions and events. Such communication devices include but are not limited to cellular phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law, school policies and to perpetrate conduct disruptive of an educational environment essential to the school's educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices which are often carried concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities are required to sign this form together with their parent, guardian or other adult person having the authority of a parent for school purposes.

Each of you, by your signature of the School-Student-Parent Compact/Student/Parent Handbook/Acceptable Use Agreement Acknowledgement/Signature Page, agrees to the following:

1. The possession and use of cellular phones, pagers, PDAs and other electronic communication devices by a student on school property or at school-related events is a privilege and not a right.
2. Students are required to keep all electronic communication out of sight and turned off during school hours.
3. In consideration for the privilege to possess and use such devices on school property and at school-related events, the school is authorized and has my full consent to confiscate, power on or off, manipulate and do all things necessary to search my device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy or regulation.
4. I further understand, agree and consent that an electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy or regulation is subject to confiscation and may cause the loss of the privilege to possess and use such devices on school property and at school-related events for an indefinite period of time.
